

Planet Shakers, Come Breathe

I need You Holy Spirit
Come touch me with Your oil of anointing
I need You Holy Spirit
Come touch me once again

I need You Holy Spirit
Come touch me with Your oil of anointing
I need You Holy Spirit
Come touch me once again

And as I reach for You
Unconscious of Your calling
That with Your touch I need to reach the lost

Come breathe
Come breathe
Come breathe Your breath of life
Come breathe
Come breathe
Come breathe Your breath of life

I need You Holy Spirit
Come touch me with Your oil of anointing
I need You Holy Spirit
Come touch me once again

I need You Holy Spirit
Come touch me with Your oil of anointing
I need You Holy Spirit
Come touch me once again

And as I reach for You
Unconscious of Your calling
That with Your touch I need to reach the lost

Come breathe
Come breathe
Come breathe Your breath of life
Come breathe
Come breathe
Come breathe Your breath of life

And as I reach for You
Unconscious of Your calling
That with Your touch I need to reach the lost

Come breathe
Come breathe
Come breathe Your breath of life
Come breathe
Come breathe
Come breathe
Come breathe

Come breathe
Come breathe
Come breathe
Come breathe

Come breathe
Come breathe
Come breathe Your breath of life
Come breathe
Come breathe

Come breathe Your breath of life
