

# Planet Smashers, Rambler

I got my lift kit  
I'm tanked up  
Tuned into my CB  
And I'm revved

Jam it in high gear  
Jumping off the track  
Got my baby on the bench seat  
My guitar on her back

Out in the Rambler  
Tearing around town  
I got my eyes on you baby  
Gonna shut you down

Peeling down the strip  
I don't care about the cops  
400 miles an hour  
Never gonna stop

Here comes the man  
Lookin' for a bust  
They try to catch my machine but they can eat my dust!!
