## Planet Smashers, Rambler

I got my lift kit I'm tanked up Tuned into my CB And I'm revved

Jam it in high gear Jumping off the track Got my baby on the bench seat My guitar on her back

Out in the Rambler Tearing around town I got my eyes on you baby Gonna shut you down

Peeling down the strip I don't care about the cops 400 miles an hour Never gonna stop

Here comes the man Lookin' for a bust They try to catch my machine but they can eat my dust!!
