Planetshakers, Boom

I am ready more than ever
For you to move

My heart is open and I surrender
Every part of me

Boom
It's an explosion
God is here to move
Come and take over
'Cause I am here for you

My hope is in you
Every day I'm living for you
Give me your power
So I can change this world for you

Show me your ways Lord
Gonna run this race for you
Give me your spirit
Come and set my heart on fire

Your power, Your glory
Come and fill this place

Gonna lift my voice to You
Gonna give You all I am
Gonna live for You alone
'Cause You have set me free
