

Planetshakers, Here I Am

Something in my heart
Is burning like a fire
I want to live for You
I need Your touch right now
Fill me with Your power
Power to live for You my God

I will not be moved
I will stand for You

I will go where You send me
Jesus take me now I am Yours
I am Yours
I lay my life on the altar
Everything I give to You alone
Here I am

Here I am
Send me
