

# Planetshakers, I Need You

Let my words, and my heart  
Honour You, Lord in all of my life

Let Your power, shine in me  
Let the church, be Your light in this world

Lord when I'm weak, You are strong  
When in need I know that You are everyhting  
You are all that I long for

I need You, more than words can say  
More and more each day  
Jesus I love you

I need You, more than life itself  
Jesus I will worship You  
Forevermore

You're worthy of all my praise  
Name above every name  
I exalt You  
I exalt You
