

Planetshakers, I Need You

Let my words, and my heart
Honour You, Lord in all of my life

Let Your power, shine in me
Let the church, be Your light in this world

Lord when I'm weak, You are strong
When in need I know that You are everyhting
You are all that I long for

I need You, more than words can say
More and more each day
Jesus I love you

I need You, more than life itself
Jesus I will worship You
Forevermore

You're worthy of all my praise
Name above every name
I exalt You
I exalt You
