

Planetshakers, Salvation

We can make a change
In this world today
With Jesus as our King
And He's the only way

We lift our voice to You
And sing a song of praise
You alone are King
You're the only way

We're gonna lift You high
We're gonna lift You high
We're gonna lift You high
We're gonna lift You high

We're gonna shine your light
So the world will see
That Jesus you are the Risen King
Salvation is found in You
Salvation is found in You

We're gonna follow You
And every word You say
'Cause You alone are King
And You're the only way

We're gonna lift You high
We're gonna lift You high
We're gonna lift You high
We're gonna lift You high

We're gonna shine your light
So the world will see
That Jesus you are the Risen King

Salvation is found in You
Salvation is found in You

Our hope is found in You
Our strength is found in You
Our life is found in You
Salvation is found in You

Our hope is found in You
Our strength is found in You
Our life is found in You
Salvation is found in You

We're gonna shine your light
So the world will see
That Jesus you are the Risen King
Salvation is found in You
Salvation is found in You

We're gonna shine your light
So the world will see
That Jesus you are the Risen King
Salvation is found in You
Salvation is found in You

Salvation is found in You
Salvation is found in You
