

Planetshakers, Saved The Day

We're living for a God who saved us
A destiny, a hope that's found in truth

You walked before my fears and failures
My heart cries out, this life I give to You
This life I live for You

All my praise goes to the One
Who made a way, who saved the day

My God He made a way
My God he saved the day
Forever we will shout Your praise

This world will fade away
But Your word remains forever
Jesus we will shout Your praise

We shout Your praise
God of all ages
My life is found in You
