

Planetshakers, Saving Grace

I'm holding on to You
I'm never letting go
'Cause You have saved my soul
And You have made me whole

You took my brokenness
And filled me with Your joy

All I long to do is worship
All I long to do is bring You praise
For nothing compares to you
My Saving Grace

Jesus Saviour
My life belongs to you forever
'Cause you have set my heart on fire
And You have set me free
