

Planetshakers, Sing Of Your Love

I love who I've become in You
You've changed me from deep within
Without You I can't live
I need the touch of Your strong hand

I only live and breathe in You
Because of You I've been made whole
Without You I can't live
I need the touch of Your strong hand

And I will sing of Your love
And Your mercy forever
Reaching down from above
With a plan for my future
I'll forever proclaim
All the goodness and power of Your name
I will worship You Lord all my days

I will worship You forever
I will worship You forever
