Planetshakers, What You've Done For Me

Na Na

(Repeat:)

In the darkest night You called my name Beckoned me to come Let me hear your voice Day by day Your the holy one

I will sing
Of your freedom
I will tell of all the wondrous things you've done
Let me run
In your presence
Let me dance gonna get a little crazy for you

Cant stop thinking about you Lord Cant stop thinking about your love Cant stop thinking about what you've done for me

Cant stop thinking about you Lord Cant stop thinking about your love Cant stop thinking about what you've done for me
