

# Planetshakers, Worship You Alone

Your faithfulness never fails  
Your faithfulness everyday  
You're the same

Unfailing love sets me free  
Unfailing love you lead me  
With your hand

And all I know  
With your arms around me  
Your face is all that I seek  
Your love and grace  
Pick me up and hold me  
You alone are holy

For You alone are great in power  
You alone are my strong tower  
And I will lift my heart and soul  
To worship you alone

For You alone are my desire  
You have set my heart on fire  
And I will lift my heart and soul  
To worship you alone  
Worship you alone

And I will follow after you  
For you are my desire  
Oh Jesus, my heart belongs to you
