

Planetshakers, Your Glory

Break of day
Your light it shines on us
And Your Glory fills this place
Like the sun it rises up on us
It's the Glory of Your face

And I lift my eyes to Heaven
And I lift my eyes to Heaven

Your Glory
The whole earth is filled with Your Glory
The nations cry out they sing
Holy, holy is the Lord

Show me Your Glory
Show me Your Glory
Show me Your Glory
