

Plankeye, Honey And Oil

i'm listening it's me she's twisting
honey and oil she's as bitter as the soil
she spells the end of my life today
are you listening
if you're not for me then you're against me
if you're going to tempt me then go ahead and leave me
honey and oil she's as bitter as the soil
she spells the end of my life today
she's as cold as the snow
he told me, "if you're going to waste your life then go just go"
yeah i'm listening
