

# Plastikman, Okx

i don't remember falling asleep.  
the last thing i remember is,  
i was saying to her  
&quot;they're all crazy.  
even you.  
you're all crazy.&quot;

&quot;even me?&quot; she said.

i thought,

oh right.  
if i categorically eliminate all other people,  
it's just me  
and her.  
she'd like that.

&quot;especially you&quot; i said.  
&quot;you are virtually the ringleader  
the way i see it.&quot;

and then i  
blew out the candle.
