

Play & Win, Beautiful day

Love me, take me away
Love me, take me away
Woke up all alone, and I don't feeling so free
It's a beautiful morning, sun is shining down on me
And I'm ready to go, I'm ready to see
I'm ready to get up and fulfill my destiny
And then I run away, I got nothing to say
`Cause only you can bring me to life
And I fly away, I can take you away
See you on the other side
In my dream, only you can show me the way
And I feel, is gonna be a beautiful day
Oh no, oh no, no worry until I dream away
Oh no, oh no, no worry until I dream away
Love me, take me away
There's no clouds in the sky, and sky is so blue
I got no destination, all I want is to find you
And I'm ready to go, I'm ready to see
I'm ready to get up and fulfill my destiny
And then I run away, I got nothing to say
`Cause only you can bring me to life
And I fly away, I can take you away
See you on the other side
In my dream, only you can show me the way
And I feel, is gonna be a beautiful day
Oh no, oh no, no worry until I dream away
Oh no, oh no, no worry until I dream away
(Take me into the night
The dream will be your light)
In my dream, only you can show me the way
And I feel, is gonna be a beautiful day
Oh no, oh no, no worry until I dream away
Oh no, oh no, no worry until I dream away
