

# Playa, Cheers To You

If I had a wish baby I wish he never left you feeling like this  
'Cause I can feel your pain  
But if you just could get over him  
Maybe some wine will empty your mind  
Girl I'm a make it better now can we  
Dim the lights let's make a toast  
That it will be alright

Chorus:

Cheers 2 U for givin' me a chance  
I'll be your angel your guardian man  
Cheers 2 U for givin' me a chance  
I'll be your angel your guardian angel

I know we can win and you can depend on me  
Through the thick and thin to the very end  
I got your back so open up you heart and let me come on in

And I'll be your king  
(And you'll be the queen of my heart, and my soul, and everything I treasure)  
So let me ease your mind and let's make a toast  
That it will be alright

Chorus

Bridge:

What a love (3x)  
That's waitin' for you  
What a love (3x)  
Girl I adore you, I will be there  
For the love everlasting  
Baby I care for your needs  
You can ask me  
What a love (3x)  
That's waiting for you  
What a love (3x)  
Good love, I'll be there for the love celebration  
We can go there anytime any moment

Chorus (fades to the end)
