

# Playa, One Man Women

I got a car, A J-O-B  
I'm a independent man  
God is blessing me  
A lot of girls that I can call  
but 9 times out of ten 10  
I don't call them at all  
The fun and games is over due  
I miss having someone to answer to  
I got a house, I got a key  
There's one more then that I really need

Chorus:

I need a one man women  
and you need a one lady man  
Girl you don't have to find another  
'Cause I'll be your man plus your friend  
Since I need a one man women  
and you need a one lady man  
Girl we don't have to find another  
We can be lovers and friends

I saw you out with all the guys  
I love the way you look with the those  
big brown eyes and if it were up to me  
We'd both run away and start a family  
And on a scale from 1 to 10  
I'm giving you a 11, boy, you're worth that 1  
boy only you can rescue me  
I will provide anything you need.

Bridge:

I'm trying to prove to you, I think I'm ready for you  
baby don't fight my love, invite my love  
Haven't I prove to you  
I think I'm ready for you baby dont' fight my love invite my love

Chorus (fades until the end)
