

Plumb, Crazy

I know you're on the inside
You know that I'm looking out
For me
You're sitting pretty
As I wallow in self-pity
And there's no coming back for me

Chorus

You're crazy for thinking I'm above this
You're crazy believing I don't care
You're crazy for thinking I'm below you
You're crazy, you're crazy
My ambition and every intention
Is to go where I shouldn't go
Pleasing to my eyes
Through a wretched reply
It's soothing to my soul
(Repeat chorus three times)
