

Plundersonics, Mutants Here I Am

Hello, creature man.
I've seen you before.
Where are those silly friends of yours?
You were standing on the corner, in the rain.
Freak brother. I also know your lover.
Because she's got a jaw that's even bigger than yours.
She beams in from the top down.
Those Indian eyes, that Sonya had as a kid

I have been
Just wandering around, through adventures
The usual, spectacular adventures.
I noticed that spot that had been there for a while
An irregularity, in reality, of the scenery
Yoni in LA, he's an apprentice to a man
Does he know about shiny spots?
I thought he did, and that's why I rubbed it

Too bad I hadn't read the manual.

Mutants, here I am. (Mutants, here I am.)
Mutants, here I am. (We will rise again)
(Hey mutants, here I am)

Nagisaken introduced me to the others
Creature man grins.
You knew I was new, and so did the others.
And that I liked to play.
(Mutants, here I am.)
Until I lost body parts, it was fun.
Throwing huge things around, that was fun.

And then you all threw me around, after I lost my legs.

(The sleepers in Metropolis will rise again.)
(Mutants, here I am.)
(The sleepers in Metropolis will rise again.)
(Mutants, here I am.) Mutants, here I am.

(The sleepers in Metropolis will rise again.)
(Mutants, here I am.)
(The sleepers in Metropolis will rise again.)
(Mutants, here I am.)
Too bad I hadn't read the manual.

Maybe Nagisaken will find me here.
I can't move anymore.
The sleepers in Metropolis
Will rise again.

Mutants, here I am!
Fellow mutants, here I am.

The sleepers in Metropolis
(The sleepers in Metropolis)
Will rise again.
(Mutants, here I am)
Mutants, here I am (The sleepers in Metropolis will rise again)
(Mutants, here I am)
The sleepers in Metropolis
(The sleepers in Metropolis)
Will rise again.

Mutants, here I am!

Mutants, here I am!

Too bad I hadn't read the manual.
