

Plus/Minus, I've Been Lost

All of the things that I had planned
On the back burner
Not in hand
If it all fell apart today
What would I have to show for it?

Back in the foreground don't you see?
Dressed like a stone and constantly
Everything's coming back to me
Everything's set for me to be.

Try to understand
I've been lost

Ending, beginning
What's the use?
It doesn't matter which came first
Standing up straight was never right
Kneeling upright is even worse

Try to understand
I've been lost
Not the only one
Ready to come down.
