

# Plus/Minus, Summer Dress 2 (Iodine)

She's telling herself  
He won't be the same as when I left him  
The ring's still on the shelf  
I know that he's learned just how to treat me

Iodine  
treats me fine  
cleans away  
the memories of all the times I wanted to leave

Blue summer dress  
ribbons in her hair cause that's his favorite  
he said he was wrong  
it's so hard for him to say he's sorry

Iodine  
treats me fine  
cleans away  
the memories of all the times I wanted to leave  
He won't be the same as when I left him  
I know that he's learned just how to treat me

Iodine  
treats me fine  
cleans away  
the memories

And one day, I'll throw the bottle away.
