

# Plus One, God Is In This Place

## CHORUS

I need to say  
that god is in this place  
and god is right by your side  
you need to know  
that anywhere you go  
just by faith his love will abide

The moment could be  
here and now  
when you need  
someone to be there  
i'm telling you he's reaching out  
with love beyond compare  
and he knows your soul  
and he knows your heart  
knows everything you are

(repeat chorus)

Everyone stumbles  
and gets lost along the way  
but his mercy comes raining down  
with his amazing grace  
'Cause all that you need  
is just to believe  
He's waiting to set you free

(repeat chorus)
