

Plus One, Poor Man

Bare, naked embarrassed how I came
And I'll be leaving just the same
So why be afraid

Yeah...

I'm a poor man
Walking down the road
The straight and narrow is leading me to gold

Space, the second floor of outer space
Where all infinity awaits
I'm on my way
To a better place

I'm a poor man
Walking down the road
The straight and narrow is leading me to gold
So I'm a rich man
Walking down the road
The straight and narrow is leading me to

You gave to me
Life everlasting
All I can see
Is life everlasting

You gave to me
Life everlasting
All I can see
Is life everlasting
Life everlasting

I'm a poor man
Walking down the road
The straight and narrow is leading me to gold

You gave to me
Life everlasting
All that I need
Is life everlasting

You gave to me
Life everlasting
All I can see
Is life everlasting
Life everlasting
