

Plus One, Who Am I

Jason

Who am I , That You know me by name
That You call me friend, Invite me in
To be with You

Nate

I don't know why , You love me this way
'Cause I'm nothing at all, And still You call
And make me new

Jason

Even before time began , For me You had a plan
You were shaping my life , In Your hands

Chorus

Who am I without Your love
I cannot live without Your touch
You hold my hand and walk me through
All I need is You
Who am I without Your love
I cannot breathe without Your touch
You make me complete
I bow at Your feet
For me You came to die
Who am I

Nathan

You were there , Creating the world
Put the stars in the sky , God of heavenly light
What can I do

Jason

Now You're here, With a love that's so real
And I give You my life , As a sacrifice
To honor You

Nate

I'm overwhelmed and overcome
By what You do
And all You've done

Jason

That You count me as one of Your sons

Chorus

(2x)
