

Poets, Love Is A Rock

I want you to want me, I want you to stay
Don't ever leave me, don't go away

I'm fallin' to pieces - don't say no, just let go
You're hotter than fever - tonight is the night, when nothin' goes wrong

(Chorus)

Love is a rock that wont break for bombs
Give it a shot - forever you're gone
Love is a rock that makes you so strong
Get on top, don't stop - coz love is a rock

Hights doesn't scare me, I go for the top
I'm up in heaven, yet climbin' a rock

I'm faillin' to pieces - don't say no, just let go
You're hotter than fever - tonight is the night, when nothin' goes wrong

(Chorus)

Load up
With bullets and bombs and your luck
Coz love's in stock
Get up
Tonight is night, when nothin' goes wrong

(Chorus)
