

Poets Of The Fall, Seek you out

Never said you'd promise anything
Never told trust you blindly
Never thought you'd hurt me either
Never had a chance now aint that so
Never should've wept when you let go
Never thought you'd push me away
Sad as it may be
I'm glad it's over finally
Speaks volumes of me
When lettng go is never easy
So i'll seek you out
Just to find myself
And i'll worry 'bout consequences later
I hear you out
Till I hear myself
Hear myself in you
Never knew if we were really true
Never thought i'd ever get to you
Never thought i'd end up like this
Never was I stronger than i'm now
Never felt this much a fool somehow
Never had much thought for myself
Sad as it may be
I'm glad it's over finally
It speaks volumes of me
When lettng go is never easy
So i'll seek you out
Just to find myself
And i'll worry 'bout consequences later
I hear you out
Till I hear myself
Hear myself in you, oh
I'll seek you out
Just to find myself
And i'll worry 'bout consequences later
I'll hear you out
Till I hear myself
I hear myself in you, you
I'll seek you out
Just to find myself
And i'll worry 'bout consequences later
I'll hear you out
Till I hear myself
Hear myself in you
I'll seek you out
Never knew if we were really true
Never thought i'd ever get to you
Never thought i'd end up like this
Never said you'd promise anything
Never told trust you blindly
Never thought you'd hurt me
