

# Poi Dog Pondering, Rock Your Baby

Woman, take me in your arms  
And rock your baby  
Woman, take me in your arms  
And rock your baby

There's nothin' to it  
And just say that you wanna do it  
Now open up your heart  
And let the lovin' start

Woman, take me in your arms  
And rock your baby  
Woman, take me in your arms  
And rock your baby

Hold me tight  
With all of your might  
Now let your lovin' flow  
Real sweet and slow

Woman, take me in your arms  
And rock your baby  
Woman, take me in your arms  
And rock your baby

Woman, take me in your arms  
And rock your baby  
Woman, take me in your arms  
And rock your baby

Woman, take me in your arms  
And rock your baby  
Woman, take me in your arms  
And rock your baby

Ah-ooooooh, rock your baby  
Ah-ooooooh, rock your baby  
Rock your baby, rock your baby  
Rock your baby, rock your baby
