

# Point Of Grace, Begin With Me

Lord i know sometimes you look down and shake your head,  
When we know what we should do, and do the other thing instead.  
We're livin in glass houses and we're throwin sticks and stones,  
But the love that will come to us is the love that we have shown.  
Ignite a fire in my spirit,  
And when i wanna make a difference this will be my prayer.

chours:

Begin with me,  
Turn my world upside down,  
Come change my heart around,  
Lord keep on washin me clean again.  
Begin with me,  
Come and renew my mind,  
And lead me to the light,  
Till i am more like you Jesus.

Have you ever noticed that we love to give advice,  
We offer up suggestions without thinkin twice.  
Got twenty-twenty vision when we're watchin someone else,  
But it's a little blurry when we're lookin at ourselves.  
I can't forget to check the mirror,  
that's when i'll find the only one that he wants me to change.
