

# Point Of Grace, Hold On To Me

A quiet conversation  
A solitary prayer  
Listening in the silence  
and knowing You are there  
Emptying my troubled heart  
My secret hopes and fears  
You speak to me in whispered words  
That the heart alone can hear

Chorus:

I love You so  
Won't let You go  
Hold on to me  
I could never offer You  
the praise that You deserve  
The thanks for all You've given me  
and with nothing in return  
But I will give my life to you  
My moments and my days  
If only for the peace I find  
Every time I hear You say . . .

Chorus

Keep me near this day  
Never let me stray  
From Your everlasting, sweet embrace

Hold on

Hold on to me

Another conversation

Another quiet plea

Stumbling for a way to say

How much You mean to me

and once again You give me more

Than I can give to You

So I'll just say these simple words

'Cause it's all I know to do

Chorus
