

Point Of Grace, Something So Good

We've got something so good
We're gonna show you

It makes me happy
Always makes me feel free
When I'm in His hands
Do you understand
Not trying to sell you
I'm only trying to tell you
That His love is for real
It's there for you to feel
There is no reason to run from the One
Who can free you oh yeah

(Chorus)
We've got something so good
We're gonna show you
Stand in His light you'll see
It's gonna shine through
Open you heart it's real
And waiting for you

We've got something so good

All through the highs and lows
The only thing you need to know
Is that Jesus will be true
He's there to comfort you
You're not the only one
Who feels like everything you've done
Is measured in pain
Come in from the rain
There's no reason to run from the One
Who can free you oh yeah

(Repeat Chorus)

A love we can give
A love we can share
A love that is more than money can buy
I believe
That He'll
Set you free
