

Point Of Grace, Wonder Of It All

VERSE 1

Hear the clock strike 2am
Another sleepless night for you
Oh I have been there too
But there is healing in the hand of God
He will cover everybody
He'll even touch someone like you
It's a natural thing to believe that
Something wonderful never comes easy
Let it go
There is power in the cross to heal us
There is freedom in the blood that Jesus
Offered to you so freely

CHORUS

Feel the wonder of it all
Let your heart and your mind receive
The answer to the call
Feel the wonder of it all
Sweet Jesus
The love of god
The wonder of it all

VERSE 2

Another day another twist in the road
A cloud upon your soul
Don't let it take control
Don't be afraid to say the name
He's there for those who call him
He's your refuge from the cold
The love of god is a curious thing yeah
The more you give it seems the more he brings his love back to you
In the presence of the Holy Spirit
Bells ring and I know I can hear the angels sing so clearly

CHORUS

Feel the wonder of it all (the answer is Jesus)
Let your heart and your mind receive
The answer to the call
Feel the wonder of it all (wonder of it all)
Sweet Jesus
The love of god the wonder of it all (the answer is Jesus)

Feel the wonder of it all (wonder of it all)
See Jesus
The love of god the wonder of it, it all
(ooohhh) Let your heart and your mind receive
The answer to the call
Feel the wonder of it all (wonder of it all)
Sweet Jesus
The love of god the wonder of it all
