

# Poison, Life Goes On

I felt this before now I feel it again  
No matter how hard I try this feeling won't end  
So I, pretend you're here by my side tonight, on this lonely ride  
I keep telling myself that..  
(Chorus) Life goes on while you're miles away  
And I need you.  
Time rolls on as nights steals the day  
There's nothing I can do.  
You healed up my wounds  
I tasted your tears  
you spilled out your heart  
So I let out my fears  
But one fear I kept to myself  
How I prayed that you love no one else  
Like you saying you love me.  
(chorus)  
If you only knew how much I miss you.  
(long Instrumental break)  
When my mind plays its tricks on me  
It shows me things I don't wanna see  
So I tell myself now..  
I keep telling myself now  
Just take another piece of me?  
(chorus)  
Love goes on you're still miles away  
And I need you  
And this last mile I travel with you.
