

Poison, Stand

We all carry the cross and speak what we're taught
Lies and money become the white man's god
We've burned all our bridges one too many times
The time has come now to draw the line

Chorus:

You know you've got to
Stand, stand, stand for what you believe
You know you've got to
Stand, stand, stand for what you believe
Ohh, You got to...Stand for what you believe

Alright, alright

You got to listen now...

Express yourself in the face of change
Repress yourself, you surely seal your fate
You got to look inside, the answer lies in wait
Resurrect before it's too late

Chorus

Somebody rescue me, come down and rescue me
I know the soul of a good man has got to be free
When you stand, stand for what you believe

Solo, repeat chorus
