

Pola, Paper Ships

Sweetest gifts you give
make me care
I want more and more
Take or dare

Paper ships I have seen you make
Follow me
All the secrets I kept safe
You can see

You took all my time
Left me here
Trading love for dust
Disappear

Paper ships I have seen you make
Follow me
All the secrets I kept safe
You can see

All the pain in my heart you can feel
All the secrets I kept safe
You see
