

Polarkreis 18, The Color Of Snow

Comply me for science
I'm back in school
I believe in the children
I believe in you
You follow in my honour
I want you to know
The black is the colour
The colour of snow
All I see, all I know
the world in me is black of snow

The snow is black of lies
The world won't realise
That we've been sad
The snow is black
The snow is black of lies
You have to believe it

Compoundings for silence
You're back in school
To believe in the children
The leader is you
You trust into my allah
they want to know
The black is th colour
The colour of snow

It's the colour of
All I know, all I see
The children hope for the leader of me
The snow is black of lies
The world won't realise
That we've been sad
The snow is black
The snow is black of lies
You have to believe
We have to believe it
You have to believe it

The snow is black of lies
The world won't realise
That we've been sad
The snow is black
The snow is black of lies
You have to believe it
