Straight to the tail, dick hard as a rock

Time to easyated and straight get sucked

Tina was a young ass freak

Start suckin on my balls and my knees got weak

nuttid in the throat she couldn't get with it,

Took it out her mouth and slapped herself with it

It ain't the best i've ever had but baby your good

I can't wait to tell the boys in the hood

It's time to take her home, her pussy stanks

But you can't smell it when your f\*\*kin wit dank

Chorus:

F\*\*kin wit dank, f\*\*king wit dank, f\*\*kin wit dank.

(yah babyi tell ya)

(Pooh-Man)

Hopped in the shell, hit the spot

Thought about a bitch i had around the way

Grabbed her on the phone, "is it cool today?"

Bitch started mumblin, finally said maybe.

let a ho meet a tone, "alright then baby"

Click. Hung up on the freak

Thought about Pinkey this ho from last week

Seems like i'm calling girls from all across the nation

All you girls can be on the administration
