

Popsie, The Way We Wanna Live

We're alright!

We're alright / Oh yeah, that's the way we wanna live /
That's the way we wanna live / And we're doin'alright /
Oh yeah, that's the way we wanna live /
Cause we got it goin' on / And nothing can go wrong /
We're alright

The first one, she's always in control /
I tell you i'm too strong to fall for a bootie call /
The second one, she likes to play with fire /
Since a child i've been so wild, that's who I am /

I may be like a kittycat, but dog me once /
And I never come back for more / Yeah, that's for sure /
We're proud of what we are, and we stand for what we do /
There's no need to play cool, don't let prejudice rule /

We're alright / Oh yeah, that's the way we wanna live /
That's the way we wanna live / And we're doin'alright /
Oh yeah, that's the way we wanna live /
Cause we got it goin' on / And nothing can go wrong /
We're alright

The third one, she don't play by the rules /
I play the game the way I want, don't treat me like a fool /
The fourth one, she's never satisfied /
I like to go my way through life like I decide /

I may be like a kittycat, but dog me once /
And I never come back for more / Yeah, that's for sure /
We're proud of what we are, and we stand for what we do /
There's no need to play cool, don't let prejudice rule /

We're alright / Oh yeah, that's the way we wanna live /
That's the way we wanna live / And we're doin'alright /
Oh yeah, that's the way we wanna live /
Cause we got it goin' on / And nothing can go wrong /
We're alright

You choose the way you wanna live / So do it right /
That's the way we wanna live / And we're doin'alright

We're alright!

We're alright / Oh yeah, that's the way we wanna live /
That's the way we wanna live / And we're doin'alright /
Oh yeah, that's the way we wanna live /
Cause we got it goin' on / And nothing can go wrong /
We're alright
