

# Porcelain And The Tramps, Transparent

Look at me you creep.  
Straight in the eyes.  
I won't let you leave.  
Over my dead body;  
Maybe yours too.  
Read between the lines;  
& see my middle fingers in disguise.  
Oooh; wrote down every lie.  
Oooh; there's nothing left to hide.

Pretty perfect girly;  
Dressed in black.  
Purple highlights in the back.  
I see you as you are;  
I see you're transparent.  
I see you as you are;  
I see you're transparent.  
Leaning on one hip with a cigarette;  
Thinking your ass is as good as it gets.  
I see you as you are;  
I see you're transparent.  
I see you as you are;  
I see you're transparent.

I just saw you twitch.  
Twitching like a mouse.  
Pretending to play dead;  
In this kitty's house.  
So I'll toy with you.  
So try not to be caught.  
Ooh; 'cause my teeth are sharp;  
& my temper's hot.  
Oooh; wrote down every lie.  
Oooh; there's nothing left to hide.

Pretty perfect girly;  
Dressed in black.  
Purple highlights in the back.  
I see you as you are;  
I see you're transparent.  
I see you as you are;  
I see you're transparent.  
Leaning on one hip with a cigarette;  
Thinking your ass is as good as it gets.  
I see you as you are;  
I see you're transparent.  
I see you as you are;  
I see you're transparent.
