

# Porter Wagoner, Agony Of Waiting

This room is like a tomb quiet and still I can almost hear my heart breaking  
But it won't cause there's a chance I might see you tomorrow  
But oh the agony of waiting  
You told me that someday you'd be my baby  
But I wonder if you know the agony of waiting all alone  
But I love you you know that or I wouldn't stand the pain  
And the agony of waiting in vain

Here I am all alone again tonight waiting for the dawn to start breaking  
My eyes won't stay closed they wanna see you and oh the agony of waiting  
You told me that someday...
