

Porter Wagoner, I Know You're Married (But I Love You Still)

You know I love you and I always will I know you're married but I love you still
The day I met you my heart spoke to me it said to love you through eternity
Now knowing that you were another's bride
I vowed I'll always be close by your side

You know I love you and I always will I know you're married but I love you still
[el.banjo - fiddle]

You broke a heart dear that would die for you I'd give this world dear to belong to you
The game is over now and we've both lost a broken heart will have to pay the cost
You know I love you and I always will I know you're married but I love you still
I never would have made that sacred vow if I had only know what I know now
There's room for only you in my heart so close together yet so far apart
