

Porter Wagoner, You Can't Make A Heel Toe The

You can't change the daylight to dark and you can't make a heel toe the mark
I warned you not to give your love to me I knew that I would only break your heart
I'm the kind you just can't ever change cause you can't make a heel toe the mark
You can't stop time from rollin' on you can't keep a man from goin' wrong
You can't change the daylight to dark and you can't make a heel toe the mark

[el.banjo - fiddle]

A leopard can never change its spots the big tiger would never change its stripes
A hound dog would never change its bark and you can't make a heel toe the mark

You can't stop time...

No you can't make a heel toe the mark
