

# Potter Puppet Pals, The Spell Of Love

Without the spell of love  
the world would fall apart!  
You don't need a wand  
with MAGIC in your heart!

All your other organs  
are worthless bits of flair, my friends.  
They're useless in comparison to love!

With LOVE you can sing  
of the joy that it can bring.  
With LOVE you can fly  
on a rainbow in the sky!  
With LOVE you can dance  
without any pants on-
