

# Povertyneck Hillbillies, The Night That Changed M

Do you remember how it used to feel  
Ridin' around in my Coupe de Ville  
The top rolled down and your hair blowin' in the wind?  
That night we found an old dirt road  
Drove untill we couldn't go no more  
That's the night we let it all begin.

(Chorus)

I remember the touch of your skin  
You opened your heart and you let me in  
I could/can see the love shining in your eyes  
It feels like yesterday, that hot summer night down by the lake  
Hearts were exploding it was kinda like the Fourth of July  
That's the night that changed my life

A little later on down the road  
All grown up with kids of our own  
Ain't it funny how time passes by?  
All it takes is one little kiss  
The feel of your fingers on a night like this  
It's still like that very first time.

(Chorus)

The Coupe de Ville is a memory  
We're haulin' the kids in an S.U.V.  
That dirt roads a highway now  
All I have to do is see you smile

(Chours)
