

# Power Quest, Far Away

(Words and Music - Williams)

Legend tells a secret, buried deep in time  
A may to free our people, to free them from these crimes  
Lost beneath fountain, across the distant sea  
We'll journey there together in search of liberty

We board the ship together and sail into the night  
No land to see before us, we follow stars so bright  
Then the land is sighted, our journey almost done  
We leave the ship unguarded, the legend drives us on

Through wind and rain we travel, onwards 'cross the land  
Guided by the starlight, towards the eastern sands

Far away in a bygone age  
When the stories all were true  
Legends told by the men of old  
Have brought us here today

The fountain stands before us, our mission is complete  
We search beneath the water, a sword lies our feet  
The sword will bring us glory, our freedom is assured  
We will return to save our land from suffering endured

Through wind and rain we travel, onwards 'cross the land  
Guided by the starlight, towards the eastern sands

Far away in a bygone age  
When the stories all were true  
Legends told by the men of old  
Have brought us here today
