

# Powerwolf, Lust for Blood

Bring me pandemonium  
Speak the word of God  
All we need in life is flesh and blood  
Bring me sanctimonium  
Armageddon flood  
All we care is how to get more blood

Stand up  
So latisaro  
Stand up  
E saro naio  
Stand up  
So latisaro

Lust for blood  
Inside us  
Blood  
Unite us  
Call forever lust for blood

We don't need no pentagram  
We don't pray to God  
All we praise in life is human blood  
Man we die for what we have done  
Or go down in flood  
All we lust and hunger for is blood  
All we need is lust for blood  
All we need is lust

Stand up  
E saro naio  
Stand up  
So latisaro

Lust for blood  
Inside us  
Blood  
Unite us  
Call forever lust for blood
