

Pratt Dave And The Sex Machine Band, Pizza And Beer

Pepperoni, sourdough and mozzarella cheese
Black olives, chives and anchovies
Gino's, Pizza Hut and Peter Piper
Well, throw me a slice and bring a pitcher here
You can have your fancy wine and caviar
Just bring me that pizza and bring me that beer, yeah

CHORUS

Pizza and beer

Pizza and beer

Full of salami like my red underwear

Mama Celeste, bring it here, bring it here

Bring me that pizza and bring me that beer

Well, it don't take lots of money

To entertain your honey

But after you're done

Your breath smells funny

Home cooked meals, well, don't even bother

Ya know what happens when ya cross the Godfather

With a burp and a swallow, bring a large pan here

Bring me that pizza and bring me that beer

CHORUS

We want pizza

I want beer

We want pizza

I want beer

We want pizza

I want beer

We want pizza

Meta Lingua n'to pepperoni

CHORUS
