

Praxis, Turn Me Out - feat. Kathy Brown

You're on my mind all day
Till I go to bed
Uh, baby, you're always in my head
All I ask for is a love to ease my mind
You got to work your love
'Cause I don't have much time

Move your body to me
Give give me that, give me that special treat
When we're making love
I wanna, I wanna feel the heat

Turn me on (get on up)
Turn me out (get on up)
Make me scream (get on up)
Make me shout (get on up)

Turn me on (get on up)
Turn me out (get on up)
Make me scream (get on up)
Make me shout (get on up)

(Get on up, get on up, get on up...)

Turn me on (get on up)
Turn me out (get on up)
Make me scream (get on up)
Make me shout (get on up)

Turn me on (get on up)
Turn me out (get on up)
Make me scream (get on up)
Make me shout (get on up)

(Turn me on, turn me out, turn me on, yeah, yeah)

(Turn me on, turn me out, turn me on)

You release me, baby
Got to have you near
Make me burn burn burn
Got to have you here
Turn the music up
Don't wanna waste no time
Kill me with temptation
I wanna lose my mind

Move your body to me
Give give me that, give me that special treat
When we're making love
I wanna, I wanna feel the heat
