

# Prefab Sprout, Anne Marie

There's a person that I'd like to be, Anne Marie  
I can glimpse him when you're next to me, Anne Marie  
There is music that no-one can hear, Anne Marie  
Yet it's audible when you are near

Anne Marie, Anne Marie, what am I to do ?  
You are married to someone else yet  
Every waking hour I think of you  
Oh listen to me Anne Marie

Anne Marie, Anne Marie, nothing much is new  
I've a history of wanting what I cannot have  
This time it is you  
Don't listen to me Anne Marie

Anne Marie, there's a person that I'd like to be, Anne Marie  
I can glimpse him when you're next to me, Anne Marie  
There is music that no-one can hear, Anne Marie  
Yet it's audible when you are near

Oh Anne Marie, this world's an unfamiliar place I see  
When you're with me, when you're with me I hear  
Strange music in undiscovered keys  
When you're with me, when you're with me

Anne Marie, Anne Marie, it's time to walk away  
I have never been noble but then maybe being  
noble feels this way, when you're next to me Anne Marie

Anne Marie, and though it's time I can't believe  
That I'm saying goodbye  
Anne Marie - why ?
